Soft Skills

- Problem-Solving: Strong analytical and debugging skills
- Communication: Excellent verbal and written communication
- Collaboration: Team player with experience in agile methodologies
- Adaptability: Quick learner and ability to work in a fast-paced environment
- Project Management: Time management, ability to handle multiple tasks, prioritization

PROFESSIONAL EXPERIENCE

Backend Developer (Intern)

HNGx

Lagos, Nigeria

Interned at HNGx as a Backend Developer, leveraging Node.js for hands-on learning and contributing to dynamic projects.

ORGANIZATIONS

Nexlistings

Frontend Developer (Volunteered Role)

Osun State, Nigeria

As a Frontend Developer at Nexilistings, I'm revolutionizing student housing by creating a user-friendly platform connecting artisans with students. Simplifying housing choices and payments, my role contributes to an innovative and efficient housing solution.

EDUCATION

B.ED Social Studies Education

Obafemi Awolowo University

2020 – present
Osun State, Nigeria

My background in Social Studies provides me with a unique interdisciplinary perspective, enabling me to approach coding and software development with a broader understanding of societal issues and human behavior. This enhances my ability to develop user-centered applications that address real-world problems.
